

ATOMIQUE³

2022 CHARDONNAY

This Chardonnay is a blend drawn from multiple vineyards rooted in both basalt and sedimentary soils, a meeting point of Oregon's two great geological worlds. Basalt, born of ancient lava flows, brings structure, precision, and mineral tension, while the sedimentary stones contribute breadth, texture, and quiet depth. Together they form a dialogue between energy and harmony, revealing a wine that balances vibrancy with composure, a portrait of the Willamette Valley in its most complete expression.

Varietal: 100% Chardonnay

Appellation: Willamette Valley

Harvest Date: 10/1/2022 & 10/8/2022

pH: 3.25

Alcohol: 13%

Cases Produced: 350

Retail: \$75
